- 4:30pm 5:00pm Winner
   Announcement
- 5:00pm Director Closing
- **5:15pm 6:00pm** Social Hour

#### **TEAM & MENTOR**

What does a Mentor do? They are here to guide, and answer questions! Warning -they might ask more questions then they answer, to get you thinking!

Meet your teammates: share a fun fact, past projects and your strengths. Chat over dinner about how the work can be divided up amongst you all for a successful presentation.

## THE QUESTIONS

Question 1: I am thinking about opening a business in San Francisco.

The problem is, I'm not very familiar with San Francisco so I need help. I want someone to:

- 1. Help me understand the business landscape in San Francisco.
- 2. Help me figure out what type of business I should open and where.
- 3. Help me figure out what business licenses I may need to get.

## THE QUESTIONS

Question 2: How can this dataset be used to improve one of Facebook's products (Facebook, Messenger, Instagram, or WhatsApp)?

- Facebook Newroom
- Data for Good

### THE DATA

- Dataset (<u>sf\_business.csv</u>, pw: fbdatanyc19)
  - This dataset contains locations of businesses that pay taxes to the City and County of San Francisco. A business may have multiple locations and each location is a single row. The dataset has 224,507 rows and 19 columns.

- Teams are welcome to incorporate other data sources. Here are some good resources:
  - DataSF
  - SF Neighborhood Indicators

### **FOCUS ON**

- Recommendations
- Insights/learnings
- Creativity

## **NOT ON**

- Data manipulation
- Process
- Reiterating facts

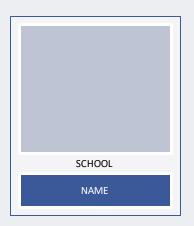

WHAT DO YOU WIN?

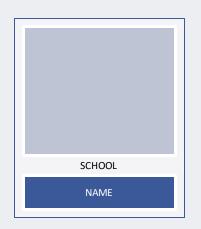

# **PORTAL**FROM FACEBOOK

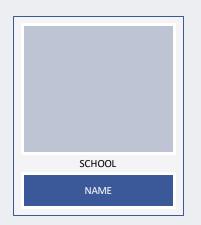

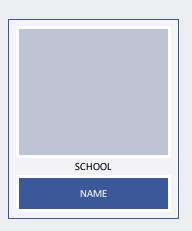

## **TEAM NAME**

#### **MENTOR:**

# TITLE - QUESTION 1.1

# TITLE – QUESTION 1.2

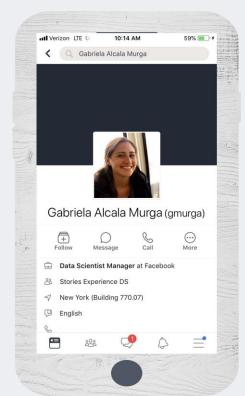

# TITLE – QUESTION 1.3

# TITLE – QUESTION 2

## THE AUDIENCE

## WHAT WE WANT

#### **PRESENTATION**

- Can someone with limited data science experience follow your presentation?
- Are figures, tables, and charts presentable and easy to understand?
- Did you answer the question? Are your takeaways clear?

#### **CREATIVITY**

- Are you able to get meaningful insight from the data?
- Does your presentation tell a non-obvious story?
- Did you produce an interesting way to integrate this into a Facebook product?

#### STRATEGIC THINKING

- Are your answers practical?
- Are your takeaways actionable?

## **TIPS & REMINDERS**

- Start early on creating your PowerPoint
- Keep your slides clean and concise
- Majority of your time and slides should focus on the Analysis Question
  - 1-2 slides maximum on *Product Question*

Final presentations <u>must</u> be uploaded to Dropbox <u>LINK</u>
